Bill No. X-90-05-43

ANNEXATION ORDINANCE NO. X- 06-90

AN ORDINANCE annexing certain territory commonly known as the ITT Aerospace Annexation Area to Fort Wayne and including the same in Councilmanic District No. 3.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

SECTION 1. That the following described territory be and the same is hereby annexed to, and made a part of, the corporation of the City of Fort Wayne, Indiana, to-wit:

Part of Sections 15 and 16, Township 31 North, Range 12 East, Allen County, Indiana, more particularly described as follows:

Beginning at the intersection of the South right-of-way line of Cook Road with the East line of Section 16, Township 31 North, Range 12 East, thence easterly along said South right-of-way line of Cook Road to its intersection with the West right-of-way line of Penn Central Railroad (formerly Grand Rapids and Indiana Railroad); thence southerly a distance of 960 feet along said West right-of-way line of the Penn Central Railroad to its intersection with the corporate City Limit line as established in Annexation Ordinance X-02-84 and as filed in the Office of the City Clerk of Fort Wayne, Indiana; thence South 90 degrees, 00 minutes West a distance of 780.0 feet along said City limits line to the East right-of-way line of a 60.0 feet wide road right-of-way (Innovation Boulevard), as recorded in Document No. 83-26071, Allen County Recorder's Office; thence South 0 degrees, 04 minutes, 40 seconds East a distance of 20.0 feet along the East right-of-way line of Innovation Boulevard; thence South 90 degrees, 00 minutes West a distance of 60.0 feet; thence North 0 degree, 04 minutes, 40 seconds West a distance of 940.05 feet to the point of curvature of a curve to the West; thence northwesterly 62.78 feet along said curve deflecting to the left (said curve being tangent to the last described course, having a radius of 40.0 feet and being subtended by a chord length of 56.53 feet and bearing North 45 degrees, 02 minutes, 20 seconds West) to a point situated 40.0 feet South of and normal to the North line of the Northeast 1/4 of said Section 16 (said point also being on the South right-of-way line of Cook Road); thence easterly along said South right-of-way line of Cook Road to the point of beginning, containing 18.5 acres, more or less.

The boundaries of said territory are those outlined in the location map designated ITT Aerospace Annexation, two copies of which are on file in the office of the Clerk of the City of Fort Wayne and available for public inspection as provided by law.

SECTION 2. That the City of Fort Wayne will furnish the above described territory within a period of one (1) year from the effective date of annexation, planned services of a non-capital nature, including police protection, fire protection, and street and road maintenance, in a manner which is equivalent in standard and scope to those non-capital services provided to areas within the City of Fort Wayne which have similar topography, patterns of land utilization and population density to the said described territory. The City of Fort Wayne will also provide services of a capital improvement nature, including street construction, street lighting, sewer facilities, water facilities and stormwater drainage facilities to the annexed territory within three (3) years of the effective date of annexation, in the same manner as such services are provided to areas already in the City of Fort Wayne with similar topography, patterns of land utilization and population density, and in a manner consistent with federal, state and local laws, procedures and planning criteria.

SECTION 3. That governmental and proprietary services will be provided to the above described territory in a manner consistent with the written Fiscal Plan for the territory developed by the Division of Community and Economic Development. Said Plan was examined by the Common Council of the City of Fort Wayne and is approved and adopted by the Common Council by and upon the passage of this Ordinance.

SECTION 4. That said described territory shall be a part of Councilmanic Political Ward No. 3 of the City of Fort Wayne, Indiana, as described in Division I, Section 2-9 of Chapter 2 of the Municipal Code of the City of Fort Wayne, Indiana of 1974, as amended.

SECTION 5. That, after adoption and any and all necessary approval by the Mayor, this Ordinance shall be published as

provided for in I. C. 36-4-3-7. The above described territory shall become part of the City of Fort Wayne on December 31, 1992.

DIGEST SHEET

TITLE OF ORDINANCE ITT Aerospace Annexation

DEPARTMENT OF REQUESTING ORDINANCE Community & Economic Development

SYNOPSIS OF ORDINANCE This ordinance annexes said territory to the City of Fort Wayne. The annexation area contains approximately 18.5 acres. The annexation meets the test for annexation under State Law in that the area is at least one-eighth (12.5%) contiguous to the City, and it is zoned for commercial business, or industrial uses. The area also meets the second test for annexation under State Law in that the area is at least one-fourth (25%) contiguous to the City and is needed and can be used by the municipality for its development in the reasonably near future.

EFFECT OF PASSAGE Described territory will become part of the City.

X-90-05-43

EFFECT OF NON-PASSAGE The area will not become part of the City.

MONEY INVOLVED (Direct Cost, Expenditures, Savings)

To be explained by the Fiscal Plan which will be prepared by the Division of Community and Economic Development.

Executive Summary

Over the past 20 years, the City of Fort Wayne has been pursuing a vigorous policy of annexing land adjacent to its corporate limits. This proposal is a logical continuation of this policy.

This fiscal plan outlines the applicable state legislation concerning the annexation of urban land and explains how the ITT Aerospace annexation area conforms to the state law requirements. The plan also provides basic data about the area, describes the services which will be furnished to the area upon annexation by the City of Fort Wayne, and summarizes the fiscal impact of this annexation upon the City.

The proposed annexation area is approximately 18.54 acres, and is an industrial park.

SECTION ONE

BASIC DATA

A. LOCATION

The area proposed for annexation is located north of the City of Fort Wayne in Washington Township and is bounded on the south and west by the City of Fort Wayne, on the north by the south right-of-way line of Cook Road and on the east by the west line of the vacated Grand Rapids and Indiana Railroad property.

B. SIZE

The ITT Aerospace Annexation Area contains approximately 18.50 acres.

C. POPULATION

This area contains industrial and professional office development. It has no residential units or population.

Right-of-Way	1.35	7.28
	18.54	100.00

F. ZONING

The ITT Aerospace Annexation Area is currently zoned I2. This is a general industrial district. Upon annexation, the land will be under the jurisdiction of the Fort Wayne Plan Commission and will be zoned M2 (General Industrial). See Figure 2.

G. TOPOGRAPHY

The ITT Aerospace annexation area contains two soil classifications: Pewamo Silty Clay Loam and Blount Silt Loam. It has been determined using U.S. Geological Survey Maps that the general slope of the area is approximately 1.0 percent.

K. Selected Area(s) within Corporate Boundaries with Similar Topography, Patterns of Land Use and Population Density

As the City has uniform service standards throughout its corporate boundaries, all areas of similar topography, pattern of land use and population density receive the same level of service. A representative area within the City comparable in topography, pattern of land use and population density to the ITT Aerospace Annexation area is Summit Industrial Park.

SECTION TWO

THE COMPREHENSIVE ANNEXATION PROGRAM

The annexation of the ITT Aerospace area is part of a larger, comprehensive annexation program that was developed in a report prepared by the Department of Community Development and Planning in 1975 and which was subsequently updated in 1976. The Annexation Policy and Program Study was the culmination of a year and a half of extensive study and is used as a policy guide for the City's annexation program. The report recommends that "all urban land contiguous to the City limits should become part of the City "as should" all non-urban land required to complement the annexation of urban land and provide the ability to control and manage urban growth." Because the ITT Aerospace area met this criteria in 1975-76, the report identified it as part of a larger area (Wash-2) which was recommended for annexation.

Since 1976, five areas targeted in the Annexation Policy and Program Study as being wholly or partially within Wash-2, have been annexed. Among these areas are the Cook Road Annexation, the Washington Center Road Annexation, and the Edgewood Industrial Park Annexation. See Figure 3.

SECTION THREE

STATE LAW REQUIREMENTS

A. INTRODUCTION

When pursuing an annexation, a municipality must ensure that the proposed annexation is in accordance with State law. The existing statute (IC 36-4-3) provides cities with two options for annexing areas. The municipality must meet the guidelines of only one of the options. The two options are:

1. The area must be at least one-eighth contiguous (12.5%) to the municipality and meet at least one of the following three conditions:

   a. have a population density of at least three persons per acre;
   b. be zoned for commercial, business or industrial uses;
   c. be at least sixty (60%) percent subdivided;

2. The area must be at least one-fourth contiguous (25%) to the municipality and the municipality must show that the area is needed and can be used by the municipality for its development in the reasonably near future.

In both instances, the municipality must also prepare a fiscal plan. The fiscal plan must provide cost estimates of the services to be furnished to the annexed territory, along with the methods used to finance such services.

The ITT Aerospace Annexation meets not just one, but both of the options that have been established to determine the validity of annexations. The remainder of this section will explain how the ITT Aerospace Annexation meets these two requirements.

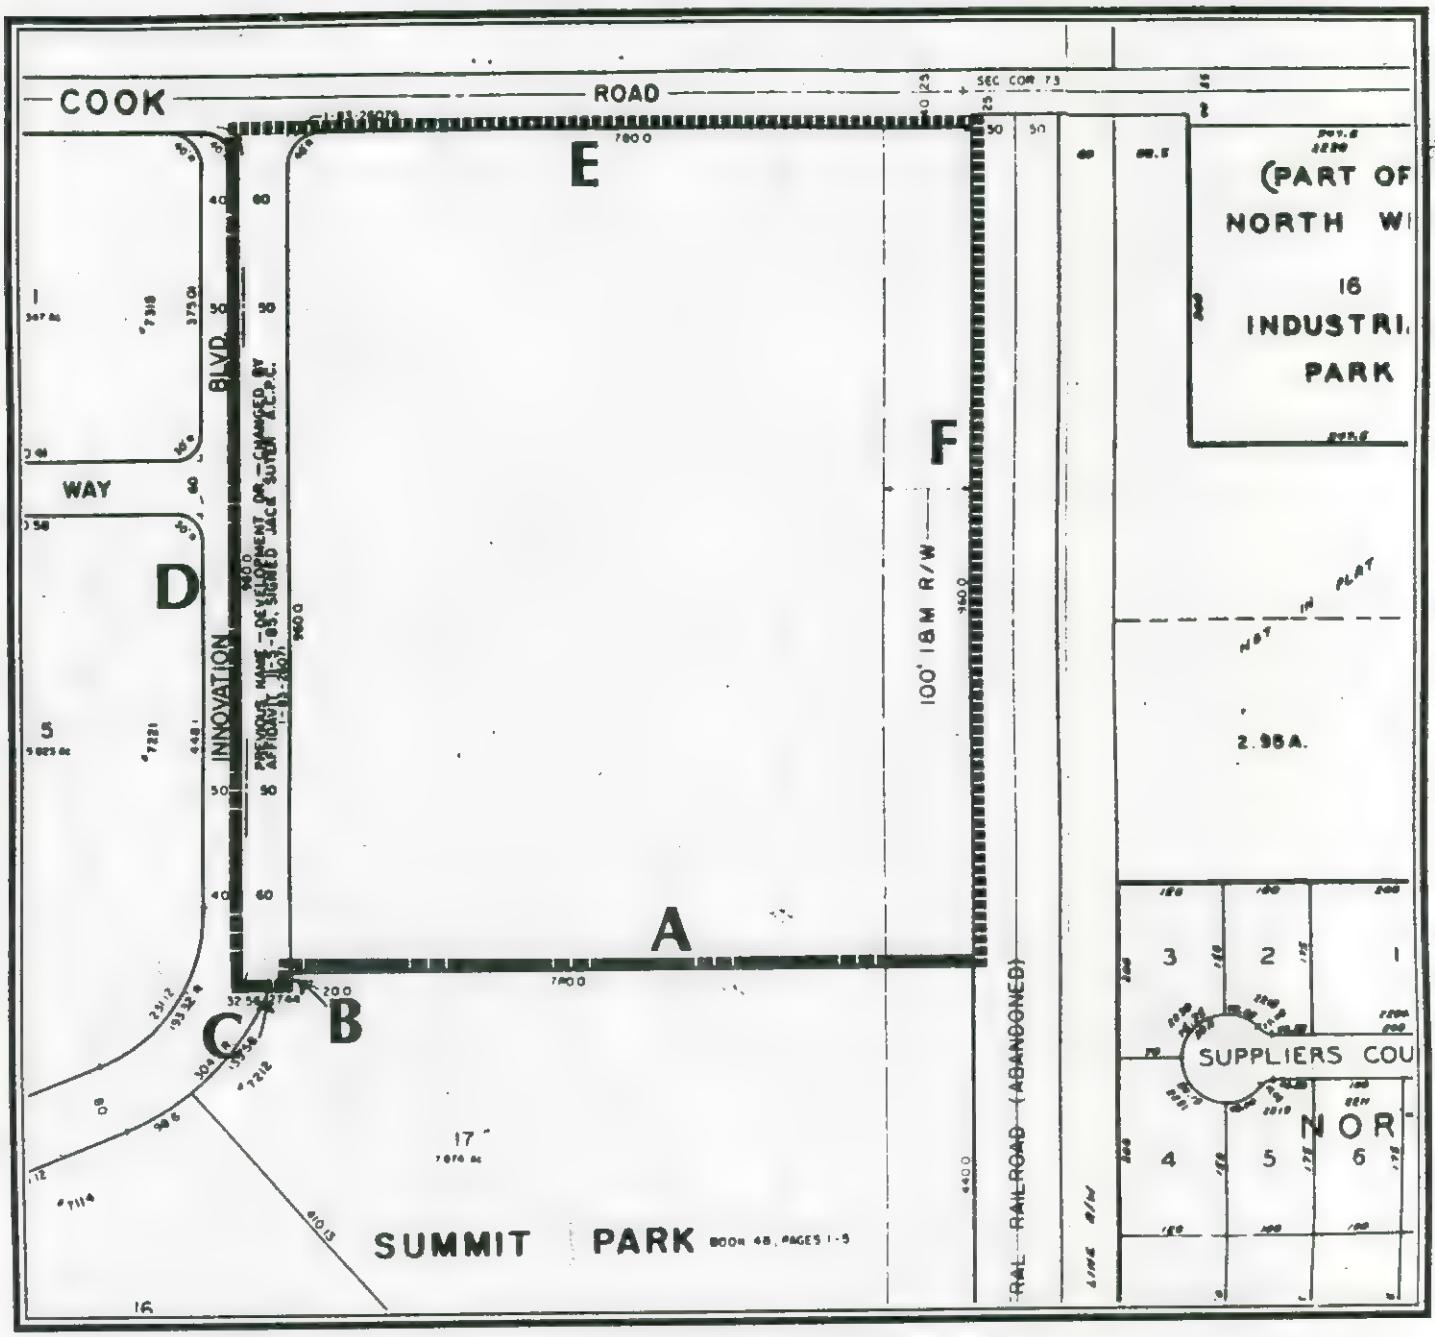
B. ONE-EIGHTH CONTIGUOUS

Figure 4 illustrates the length of the external boundaries of the annexation area. As can be seen, approximately fifty-one (51%) percent of the annexation area's boundaries are contiguous to the City of Fort Wayne. Therefore, this annexation easily meets the 12.5% contiguity requirement mandated by State Statute.

As mentioned in the introduction, if the annexation is at least one-eighth contiguous (12.5%) to the municipality, it can be annexed if any one of the three conditions are met. The ITT Aerospace Annexation meets condition (b) outlined above in that it is zoned for industrial uses.

FIGURE 4

CONTIGUITY



CONTIGUOUS		NON-CONTIGUOUS	
A	780'		
B	20'	E	780'
C	60'	F	960'
D	980'		
	1840' (51.4%)		1740'(48.6%)

C. ONE-FOURTH CONTIGUOUS

The second annexation test stipulates that an annexation is valid if the area is at least twenty-five percent contiguous and if it is needed and can be used by the municipality for its development in the reasonably near future (I.C 36-4-3-13). As noted previously, the annexation is over fifty-one (51%) percent contiguous to the City limits. Therefore, it easily meets the contiguity criterion mandated by the second test. Having met the contiguity requirement, the municipality must show that the area is needed and can be used by the municipality for its development in the reasonably near future.

The ITT Aerospace Annexation meets the contiguity requirement and is needed at this time for the following two reasons: (1) Industrial-Economic Development; and (2) Planning Control.

(1) INDUSTRIAL-ECONOMIC DEVELOPMENT

The City of Fort Wayne has gained a positive image for its economic development activities. By annexing this area, the City will obtain a developed area which is economically stable. This area will also provide increased tax revenues to the City which can be used to benefit the community as a whole.

(2) PLANNING CONTROL

The ITT Aerospace Annexation area is also needed by the City of Fort Wayne so that the City will have planning and zoning control over the area. This is important because the City, being an urban area, has planning and zoning standards that are more attuned to urban areas which are adjacent to the City. On the other hand, the county, which has large amounts of agricultural land, has standards that are more attuned to a rural lifestyle.

In general, the Industrial Zoning standards in the County are less restrictive than those used by the City. It makes sense, of course, to have distinct standards for urban and rural uses. What does not make sense is to allow areas that are within the sphere of influence of Fort Wayne, and which are, or will be, urban in nature, to be subject to standards which are not suitable for urban development and which will only cause problems in the long run.

D. CONCLUSION

The ITT Aerospace area should be annexed into the City of Fort Wayne because it meets both of the annexation tests that have been established by the State Legislature. The annexation area is over fifty (50%) percent contiguous to the City and is zoned for industrial use. In addition, the area meets yet

another test for annexation in that it is more than (25%) percent contiguous and is needed and can be used by the City for its growth and industrial development in the reasonably near future.

SECTION FOUR

MUNICIPAL SERVICES

This section of the Fiscal Plan forecasts the costs and methods of financing services for the ITT Aerospace Annexation Area. The plan also describes how and when the City plans to extend the services of non-capital and capital nature. The following section demonstrates how the City will satisfy the requirements of Indiana State Law in provision of services and financing of same in an equitable manner.

As required by state law, the annexation area will receive planned services of a non-capital nature in a manner equivalent in standard and scope to those non-capital services provided to areas within the corporate boundaries that have similar topography, patterns of land use, and population density. In addition, the annexation area will receive services of a capital improvement nature in the same manner as those services are provided to areas within the corporate boundaries that have similar topography, patterns of land use, and population density.

The City of Fort Wayne has adopted uniform service standards within its corporate limits to guarantee that the annexation area will receive non-capital and capital services in a manner equivalent in standard and scope to all other areas of the City with similar topography, patterns of land use, and population density to the annexation area. To illustrate this comparison, Summit Industrial Park has been selected as a representative area within the corporate boundaries comparable to the annexation area. This comparable area lies to the south and west of the ITT Aerospace area. The Summit Industrial Park contains approximately ninety-five (95) acres and is zoned industrial.

A. <u>POLICE</u>

The services provided by the Fort Wayne Police Department include the prevention of crime, the detection and apprehension of criminal offenders, assistance for those who cannot care for themselves or who are in danger of physical harm, resolution of day-to-day conflicts among family, friends, and neighbors, and the creation and maintenance of a feeling of security in the community. The Police Department is involved in legal work and the protection of constitutional rights. Lastly, the Police Department performs traffic control, promotes civil order and provides educational and technical assistance in the area of crime prevention and neighborhood services.

Police District #1 will be expanded to cover the ITT Aerospace Annexation Area. The Police Department keeps records on the amount of personnel and equipment necessary for the City's annexation program. Due to the size and industrial nature of

this area the Police Department has determined that no additional manpower is needed to provide adequate service. This area will be treated as a limited service area, which is similar to the police protection provided to all industrial areas within the City, including the Summit Park Industrial area. The primary service provided will be alarm response and building checks. No patrols will work this specific area. Whatever negligible costs may arise will be handled by the present Police Department budget, which is primarily derived from local property taxes through the General Fund.

CAPITAL COST: $0.00
ESTIMATED ANNUAL COST: $0.00

B. FIRE DEPARTMENT

The Fort Wayne Fire Department will be responsible for providing services to the ITT Aerospace Annexation Area immediately upon annexation. The services provided include, but are not limited to, full fire suppression activities, fire prevention, EMS Support-first responder, emergency hazardous materials response, public education and fire investigations.

The Fire Department has determined that no additional firefighters or equipment is necessary to provide service to this area. Any necessary funding will come from the Fire Department through the General Fund.

Primary fire call response will come from Station 6 at 1600 Coliseum Boulevard West, which has one Class A pumper and a med car. If needed, backup response will come from Station 13 at 1103 Coliseum Boulevard East.

CAPITAL COST: $0.00
ESTIMATED ANNUAL COST: $0.00

C. EMERGENCY MEDICAL SERVICE

At the present time, the Three Rivers Ambulance Authority is the sole provider of ambulance service for the City. Property owners of the ITT Aerospace Annexation property will receive on site full advanced life support ambulance service immediately upon annexation.

A number of ambulances are stationed throughout the City 24 hours a day. Upon receiving a request for service from the annexation area, the ambulance closest to the area will be dispatched. In addition, for some emergencies, such as heart attacks, the Fort Wayne Fire Department will provide extra assistance. Primary assistance will come from Station 6 at 1600 Coliseum Boulevard West. The Fire Department trains a number of

its personnel so that each fire station has an emergency medical technician on duty at all times.

The method of financing medical services is based on user fees. The charges for ambulance service are shown below:

1. $120 plus $3 per loaded mile for non-emergency transfers scheduled 24 hours in advance.

2. $170 plus $3 per loaded mile for non-scheduled non-emergency transfers.

3. $380 for all emergencies for City and non-City residents.

This method of financing permits medical service to be extended to the annexation area with its existing budget, while no additional manpower or equipment will be needed to service this new area. The same emergency medical services and no others are provided to the Summit Industrial Park area.

CAPITAL COST: $0.00
ESTIMATED ANNUAL COST: $0.00

D. SOLID WASTE DISPOSAL

The City of Fort Wayne does not provide garbage collection to industry. Since this area is entirely industrial, there will be no increase in the overall cost of solid waste collection and disposal to the City of Fort Wayne. No garbage collection service is provided to the Summit Industrial Park area.

OPERATING COST : $0.00
ESTIMATED ANNUAL COST: $0.00

E. TRAFFIC CONTROL

The City's Traffic Engineering Department will assume responsibility for traffic control in the ITT Aerospace Annexation area within one-year after the effective date of annexation. Traffic Engineering provides installation and maintenance of traffic control devices and completes surveys and investigations which are needed to provide these services. The same services, and no others, are provided by this department to the Summit Industrial Park area.

The Traffic Engineering Department does not require additional personnel to perform its services in the ITT Aerospace Annexation area. Capital costs involved will be negligible. Innovation Boulevard is already being maintained by the City of Fort Wayne, therefore, no additional signage or paint program costs will be necessary.

CAPITAL COST: $ 0.00
ESTIMATED ANNUAL COST: $ 0.00

F. STREETS AND ROADS

The incorporation of the annexation area will not add any miles of street to the City street system. Therefore, there will be no costs to provide street maintenance services to this area. The Street Department will continue to provide engineering services and construction supervision for any street and sidewalk projects. The Street Department is also responsible for ice and snow removal, leaf pick-up and surface maintenance within the annexation area. The provision of these services is ongoing and is being provided in a manner similar to those services provided to the rest of the City. These same services, and no others, are being provided to the Summit Industrial Park area.

CAPITAL COST: $ 0.00
ESTIMATED ANNUAL COST: $ 0.00

G. PARKS AND RECREATION

Presently, there are no residential properties in this annexation area. The services and facilities of the Fort Wayne Parks and Recreation Department are currently available, with Shoaff Park, a 169 acre Community Park being the closest. Upon annexation, property owners through the Park General Tax will contribute to the maintenance of the Park System.

CAPITAL COST: $0.00
ESTIMATED ANNUAL COST: $0.00

H. WATER

Since the City of Fort Wayne Water Utility presently serves this annexation area, there will be no additional costs to provide service to this area. (See Figure 5). When the area is annexed into the City, the property owner will no longer have to pay the out-of-City surcharge.

CAPITAL COST: $0.00
ESTIMATED ANNUAL COST: $0.00

I. FIRE HYDRANTS

The City of Fort Wayne pays the Fort Wayne Water Utility $183.83 annually for each fire hydrant located within the City. Since, there are no hydrants in this annexation area there will be no costs associated with the provision of fire hydrants.

CAPITAL COST: $ 0.00
ESTIMATED ANNUAL COST: $ 0.00

J. SANITARY SEWERS

The City of Fort Wayne Department of Water Pollution Control (WPC) presently provides sanitary sewers to this annexation area. (See Figure 6). The City will provide engineering services as needed to this area upon annexation. This procedure is the same as that being used in the Summit Industrial Park area.

CAPITAL COST: $0.00
ESTIMATED ANNUAL COST: $0.00

K. STORM SEWERS

Upon annexation, the Fort Wayne Department of Water Pollution Control will consider storm sewer installation upon petition by the concerned property owners. The City will provide engineering services for such a project. It is the City's policy that the financing of storm sewers be the responsibility of the property owners. However, emergency maintenance will be the responsibility of the City's Sewer Maintenance and Street Maintenance Departments after annexation.

CAPITAL COST: $0.00
ESTIMATED ANNUAL COST: $0.00

L. STREET LIGHTING

It is the goal of the City of Fort Wayne Street Lighting Department to light every unlit intersection within the City limits, to reduce night accidents, facilitate traffic flow, aid in police protection and inspire community spirit and growth. Presently, there are no street lights in the annexation area that the City will have to purchase. All lights in this area are already being maintained by the City.

If the property owners desire midblock or ornamental lighting with underground wiring then the petition process will be used. Priority will be assigned to each petition based upon need, filing date and available funding. The property owners would then be assessed for the cost of such installation. This is the same procedure that is available to the Summit Industrial Park area.

CAPITAL COST: $0.00
ESTIMATED ANNUAL COST: $0.00

M. LIABILITY FOR TOWNSHIP DEBT

State law 36-4-3-10 mandates the apportionment of debt from the township upon annexation. The City will incur liability for township fire debt of approximately $882.13 annually.

CAPITAL COST: $ 0.00
ESTIMATED ANNUAL COST: $882.13

N. ANIMAL CONTROL

Due to the location, size and nature of this annexation, there will be no increase in staff or funding for the Animal Control Department when this area is annexed.

CAPITAL COST: $0.00
ESTIMATED ANNUAL COST: $0.00

O. ADMINISTRATIVE SERVICES

All administrative functions of the City of Fort Wayne will be available to the ITT Aerospace property owner immediately upon annexation. These services include, but are not limited to, the Law Department, the City Plan Commission, the Mayor's Office, the Board of Works and Safety, the Metropolitan Human Relations Commission, the City Clerk's Office, the Citizen's Advocate Office, Etc.

General administration includes all of the regulatory and program functions for the various City departments. When the area is annexed, City departments will be notified and will expand their jurisdictional areas accordingly.

The costs of these services cannot be directly related to the size and population of an area. Consequently, this plan does not include cost estimates. However, expansion of administrative functions is possible. Funding comes from a variety of sources including the General Fund and the State and Federal Government.

CAPITAL COST: $0.00
ESTIMATED ANNUAL COST: $0.00

SECTION FIVE

PLAN FOR HIRING GOVERNMENTAL EMPLOYEES DISPLACED BY ANNEXATION

It is not anticipated that, due to the annexation of the ITT Aerospace area, any governmental employees will be eliminated from other governmental agencies. In the event government employees lose their jobs due to the annexation of this area, these employees will be given priority of employment with the City of Fort Wayne with respect to vacancies for which they are qualified, which occur within six months following the effective date of annexation.

SECTION SIX

FINANCIAL SUMMARY AND RECOMMENDATION

The purpose of this section is to project the revenues and expenditures of the proposed ITT Aerospace annexation. This section also provides a five-year summary of the expenditures compared with the revenues.

A. REVENUES

Property taxes are the main source of revenue to be received from the ITT Aerospace Annexation area. Property taxes are computed from the gross amount of assessed valuation in the area and can be obtained from the Office of the Washington Township Assessor. The formula for computing tax revenue is shown in the following table.

TABLE 1

Tax Revenue Formula

$$\frac{V}{100} \quad (T) = TR$$

WHERE:
V = Assessed Valuation
T = City Tax Rate
TR = Tax Return

The total assessed valuation of the proposed ITT Annexation is $2,513,190. This $2,513,190 is then figured with the City's present tax rate less that part which the property owners are currently paying (increase is 4.0525). Table 2 below represents this figure. The computation equals $101,847 in property tax revenue. Finally, a seventeen (17%) percent property tax replacement credit is deducted from this figure. Therefore, the total amount of property tax revenue received from this area will

be $84,533. The seventeen (17%) percent deduction will be returned to the City by the State with revenues raised by the State sales tax. The total revenues received by the City from this annexation will be $101,847 when property tax relief revenues from the State are received.

The City will not receive any Motor Vehicle Highway (MVH) or Local Arterial Roads (LARS) Funds from this annexation since Innovation Boulevard is already being maintained as a part of the City of Fort Wayne.

Table 2 below shows the annexation area's Taxing District Rate.

B. EXPENDITURES

No capital costs can be attributed to this annexation. However, the City of Fort Wayne will be responsible for its portion of the Washington Township fire debt until it is paid off.

Table 3 below delineates the costs that will be attributed to each department subsequent to the annexation of the ITT Aerospace Area.

C. FIVE YEAR SUMMARY

The Five Year Summary shows the projected expenditures compared with the tax revenues expected in the ITT Aerospace Annexation area for the first five years after it is incorporated into the City of Fort Wayne.

The summary includes a five (5%) percent inflation factor for municipal expenditures, and a five (5%) percent increase factor for City property tax revenues.

Totals	$ 5,924.79	$ 560,253.43	$	$554,328.64

D. RECOMMENDATION

This Fiscal Plan, which meets the State Law requirements that a fiscal plan be prepared, shows that the ITT Aerospace Annexation is in accordance with the applicable state statutes. Therefore, it is recommended that after passage of the annexation ordinance and its approval by the Mayor, this area should be annexed by the City of Fort Wayne on December 31, 1992.

LEGAL NOTICE

Notice is hereby given that on the 25th day of September, 19 90, the Common Council of the City of Fort Wayne, Indiana, in a Regular Session did pass the following Bill No. X-90-05-43 -- Annexation Ordinance No. X-06-90 to-wit:

Bill No. X-90-05-43

ANNEXATION ORDINANCE NO. X- 06-90

AN ORDINANCE annexing certain territory commonly known as the ITT Aerospace Annexation Area to Fort Wayne and including the same in Councilmanic District No. 3.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

SECTION 1. That the following described territory be and the same is hereby annexed to, and made a part of, the corporation of the City of Fort Wayne, Indiana, to-wit:

Part of Sections 15 and 16, Township 31 North, Range 12 East, Allen County, Indiana, more particularly described as follows:

Beginning at the intersection of the South right-of-way line of Cook Road with the East line of Section 16, Township 31 North, Range 12 East, thence easterly along said South right-of-way line of Cook Road to its intersection with the West right-of-way line of Penn Central Railroad (formerly Grand Rapids and Indiana Railroad); thence southerly a distance of 960 feet along said West right-of-way line of the Penn Central Railroad to its intersection with the corporate City Limit line as established in Annexation Ordinance X-02-84 and as filed in the Office of the City Clerk of Fort Wayne, Indiana; thence South 90 degrees, 00 minutes West a distance of 780.0 feet along said City limits line to the East right-of-way line of a 60.0 feet wide road right-of-way (Innovation Boulevard), as recorded in Document No. 83-26071, Allen County Recorder's Office; thence South 0 degrees, 04 minutes, 40 seconds East a distance of 20.0 feet along the East right-of-way line of Innovation Boulevard; thence South 90 degrees, 00 minutes West a distance of 60.0 feet; thence North 0 degree, 04 minutes, 40 seconds West a distance of 940.05 feet to the point of curvature of a curve to the West; thence northwesterly 62.78 feet along said curve deflecting to the left (said curve being tangent to the last described course, having a radius of 40.0 feet and being subtended by a chord length of 56.53 feet and bearing North 45 degrees, 02 minutes, 20 seconds West) to a point situated 40.0 feet South of and normal to the North line of the Northeast 1/4 of said Section 16 (said point also being on the South right-of-way line of Cook Road); thence easterly along said South right-of-way line of Cook Road to the point of beginning, containing 18.5 acres, more or less.

The boundaries of said territory are those outlined in the location map designated ITT Aerospace Annexation, two copies of which are on file in the office of the Clerk of the City of Fort

[illegible] for public inspection as provided by law

SECTION 2. That the City of Fort Wayne will furnish the above described territory within a period of one (1) year from the effective date of annexation, planned services of a non-capital nature, including police protection, fire protection, and street and road maintenance, in a manner which is equivalent in standard and scope to those non-capital services provided to areas within the City of Fort Wayne which have similar topography, patterns of land utilization and population density to the said described territory. The City of Fort Wayne will also provide services of a capital improvement nature, including street construction, street lighting, sewer facilities, water facilities and stormwater drainage facilities to the annexed territory within three (3) years of the effective date of annexation, in the same manner as such services are provided to areas already in the City of Fort Wayne with similar topography, patterns of land utilization and population density, and in a manner consistent with federal, state and local laws, procedures and planning criteria.

SECTION 3. That governmental and proprietary services will be provided to the above described territory in a manner consistent with the written Fiscal Plan for the territory developed by the Division of Community and Economic Development. Said Plan was examined by the Common Council of the City of Fort Wayne and is approved and adopted by the Common Council by and upon the passage of this Ordinance.

SECTION 4. That said described territory shall be a part of Councilmanic Political Ward No. 3 of the City of Fort Wayne, Indiana, as described in Division I, Section 2-9 of Chapter 2 of the Municipal Code of the City of Fort Wayne, Indiana of 1974, as amended.

SECTION 5. That, after adoption and any and all necessary approval by the Mayor, this Ordinance shall be published as

provided for in I. C. 36-4-3-7. The above described territory shall become part of the City of Fort Wayne on December 31, 1992.

LEGAL NOTICE

Notice is hereby given that on the 25th day of September, 1990, the Common Council of the City of Fort Wayne, Indiana, in a Regular Session did pass the following Bill No. X-90-05-43 -- Annexation Ordinance No. X-06-90 to-wit:

Bill No. X-90-05-43

ANNEXATION ORDINANCE NO. X-06-90

AN ORDINANCE annexing certain territory commonly known as the ITT Aerospace Annexation Area to Fort Wayne and including the same in Councilmanic District No. 3.

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

SECTION 1. That the following described territory is and the same is hereby annexed to, and made a part of, the corporation of the City of Fort Wayne, Indiana, to-wit:

Part of Sections 15 and 16, Township 31 North, Range 12 East, Allen County, Indiana, more particularly described as follows:

Beginning at the intersection of the South right-of-way line of Cook Road with the East line of Section 16, Township 31 North, Range 12 East, thence easterly along said South right-of-way line of Cook Road to its intersection with the West right-of-way line of Penn Central Railroad (formerly Grand Rapids and Indiana Railroad); thence southerly a distance of 960 feet along said West right-of-way line of the Penn Central Railroad to its intersection with the corporate City Limit line as established in Annexation Ordinance X-02-84 and as filed in the Office of the City Clerk of Fort Wayne, Indiana; thence South 90 degrees, 00 minutes West a distance of 780.0 feet along said City limits line of the East right-of-way (Innovation Boulevard), as recorded in Document No. 83-26071, Allen County Recorder's Office; thence South 0 degrees, 04 minutes, 40 seconds East a distance of 60.0 feet along te East right-of-way line of Innovation Boulevard; thence South 90 egrees, 00 minutes West a distance of 60.0 feet; thence North 0 degree, 04 minutes, 40 seconds West a distance of 940.05 feet to the point of curvature of a curve to the West; thence northwesterly 62.78 feet along said curve deflecting to the left (said curve being tangent to the last described course, having a radius of 40.0 feet and being subtended by a chord length of 56.53 feet and bearing North 45 degrees, 02 minutes, 20 seconds West) to a point situated 40.0 feet South of and normal to the North line of the Northeast ¼ of said Section 16 (said point also being on the South right-of-way line of Cook Road); thence easterly along said South right-of-way line of Cook Road to the point of beginning, containing 3.5 acres, more or less.

The boundaries of said territory are those outlined in the location map designated ITT Aerospace Annexation, two copies of which are on file in the office of the Clerk of the City of Fort Wayne and available for public inspection as provided by law.

SECTION 2. That the City of Fort Wayne will furnish the above described territory within a period of one (1) year from the effective date of annexation, planned services of a non-capital nature, including police protection, fire protection, and street and road maintenance, in a manner which is equivalent in standard and scope to those non-capital services provided to areas within the City of Fort Wayne which have similar topography, patterns of land utilization and population density to the said described territory. The City of Fort Wayne will also provide services of a capital improvement nature, including street construction, street lighting, sewer facilities, water facilities and stormwater drainage facilities to the annexed territory within three (3) years of the effective date of annexation, in the same manner as such services are provided to areas already in the City of Fort Wayne with similar topography, patterns of land utilization and population density, and in a manner consistent with federal, state and local laws, procedures and planning criteria.

SECTION 3. That governmental and proprietary services will be provided to the above described territory in a manner consistent with the written Fiscal Plan for the territory developed by the Division of Community and Economic Development. Said Plan was examined by the Common Council of the City of Fort Wayne and is approved and adopted by the Common Council by the upon the passage of this Ordinance.

SECTION 4. That said described territory shall be a part of Councilmanic Political Ward No. 3 of the City of Fort Wayne, Indiana, as described in Division I, Section 9 of Chapter 2 of the Municipal Code of the City of Fort Wayne, Indiana of 1974, as amended.

SECTION 5. That after adoption and any and all necessary approval by the Mayor, this Ordinance shall be published as provided for in I.C. 36-4-3-7. The above described teritory shall become part of the City of Fort Wayne on December 31, 1992.
